

Online Registration FAQ

1. When I try to make a new player account, a page comes up that states “Matching player profiles found”. However I have never registered online before and I do not know my username/password.
 - When we uploaded players into the new Got Soccer Database, all existing players were automatically assigned a username/password. However most players did not have email addresses entered in the old database. Therefore we are unable to send you your current username/password for your players.
 - Please choose “I do not have a player account” and proceed with registration.
 - SLSC will merge all accounts (delete multiple accounts for players)
2. I have several children playing at SLSC. How do I get the family discount if I am registering online?
 - You need to create a Family account.
 - Fill out the information
 - Log-in
 - Click on Family members. If you have an existing account, enter the username/password. If you do not have an existing account or do not know your username/password, please click on “create new player”. Enter info.
 - Once all your players are in your family account, register each player. You will automatically be given the discount with the second registration.
 - You MUST register through the Family Account, to receive the discount.
3. I have a new player to SLSC. Can I register online?
 - Yes. You will need to fax in a copy of your child’s birth certificate to 794-PLAY. (You will hear the answering machine, but allow the fax to proceed). Or if you prefer you can bring a copy of the birth certificate to any in-person registration for verification.
4. I am eligible for an SLSC scholarship. Can I register online?
